

GRIDFWD Tour Agenda

Tuesday October 9th 12:30 – 5:30 PM (or later)

Time	Destination
12:30	Meet at City Waste to Energy plant: 1890 Spyglass Place (near 1st Ave and under the Cambie Bridge). Park where you are able, including public lot southwest of building (595 W 6th Ave).
1:00	Travel to Surrey (PTL)
1:45	Tour at <u>PowerTech Labs</u> (Smart Utility Test Facility, High Power Lab etc)
3:00	Travel to Burnaby (BCIT Willingdon Campus)
3:30	Tour <u>BCIT Microgrid</u> and associated deployments
4:30	Travel to Avalon Battery
5:00	Tour <u>Avalon</u> Manufacturing Facilities (1470 Powell St. Vancouver, BC)
5:30	Decision time – One of 3 options

- Option 1) Return by bus to point of origin at 1890 Spyglass Place
- Option 2) Participate in informal brewery visit (see below)
- Option 3) Disperse at your leisure

Note: The Brewery visit is not officially part of the tour, and the intent is that those interested can visit the **Andina** Brewing company (1507 Powell St., Vanc.) and sample some craft beer, accompanied if possible by some of the Avalon team.

Attire: Casual attire is fine including business casual; however, no open toed shoes will be permitted at Powertech.
